THE MAKING OF A CANDIDATE.

(Continued from first page.)

Office Holders endorse him," said Jim Wilson.

"Second the motion," said Eckerman.

"All in favor 'say aye'" says the Czar.

"Aye, aye," shouted the obedient vassals, and the candidacy of Mr. Doyle was launched.

City Commissioner Crisp and others then spoke lauding Doyle and the mighty "Czar."

Where were Judge Stuart, Judge Tibbals, Geo. W. Crouse, Doc. Elbright, J. Park Alexander, Aaron Wagoner, H. C. Sanford, Prof. Orth, Dr. Theiss, Dr. Sisler, Ed. Hershey and a hundred more of the respectable and hitherto acknowledged leaders of my party while this self-appointed "boss" and his little crowd of henchmen were making a Mayor?

"Must we, who have nothing at stake but the welfare of our city, no interest in the election except that of having our city well governed, submit to the automatic rule of a man whose conduct for the past three years has been such that even an office holder and politician like Hershey, one who is expected to vote the straight ticket without question, cannot swallow the dose prepared for him without making a wry face, without a feeling of nausea?"

This is the man who, even though he has devoted his time while in the Probate Judge's office to running the City of Akron, instead of taking care of the property of the widows and orphans of Summit county; even though he has through his subservient tools, the City Commissioners, fastened upon Akron some of the most iniquitous obligations ever entered into by any municipality; even though he has caused to be appointed to office some of the most incapable, and worthless men, professional dead beats and loafers ever employed in the City of Akron, in his speech at Republican headquarters the other night asked for charity on the grounds that he is a Republican and never scratched a ticket.

If like his worthy predecessor, Judge Stuart, he would attend to his own official duties and mind his own business, he might complain at the utter contempt in which he is held by all good citizens, regardless of party. He might then ask for charity.

Mr. Doyle condemns the Commissioner law because he says a Probate Judge residing outside of the City of Akron might be elected and wield a most powerful influence in the affairs of our city. I have searched the statutes very carefully and I fail to find any distinction between the duties of a Probate Judge of Summit county residing without Akron and those of one who lives therein.

Why does Mr. Doyle try to evade the issue? Why doesn't he come out like a man and tell the citizens of Akron what he thinks of the way in which the Commissioner law of Akron has been administered? And if he thinks the government under it has been insufficient or corrupt why does he not attempt to place the blame and fix the responsibility? But a man who was too timid to declare at the Firemen's banquet a few nights ago how he stood on such a simple proposition as the issue of the Park bonds could hardly be expected to have the moral courage to come out boldly and denounce the means and methods of the man who stands as his political sponsor. For this reason, if for no other, I can not vote for Mr. Doyle.

Reports show a greatly increased death rate from throat and lung troubles, due to the prevalence of croup, pneumonia and grip. We advise the use of One Minute Cure in all of these difficulties. It is the only harmless remedy that gives immediate results. Children like it.
